2025-06 CONL

ADDENDUM 3 **Bates Woods Landfill Driveway**

RE: 2025-06 CONL
FROM: Joshua Montague, Accounting Purchasing Agent
TO: Prospective bidders

This Addendum shall be part of the Contract Documents and modifies the original bidding documents. This Addendum is to be acknowledged by the bidders on the Bid Form. Failure to do so may subject the bidder to disqualification.

Changes to prior Addenda:

- No change to prior addenda.

Q&A:

1. For Items #7 and #8, please confirm that we are expected to produce the materials to meet these specifications from the material we will be crushing at Bates Woods, mixed with the previously crushed materials at 15 Goshen Street. Please confirm that will not be required to purchase the material listed in items #7 and #8 independently.

A1. No material is available from the Fort Turmbull/15 Goshen Street site, so that is why we added items #7 and #8 to the bid form. Material will have to be purchased independently and it will be measured "in place".

7	CDOT M.02.03 Gradation "C" for 6" surface course) *Measured in place	400 cy
8	CDOT M.02.03 Gradation "A" for 18" base course (*Measured in place)	1200 cy

2. Has there been any type of testing of the 15 Goshen St? The ability to produce material that meets DOT "C" and "A" criteria is largely dependent on that source.

A2. Material from 15 Goshen Street is no longer available. Material will have to be purchased independently and it will be measured "in place".

General Items:
